

Second Foot and Ankle Congress in Israel

Start Date: 22/09/2022 00:00

End Date: 23/09/2022 23:59

It is my honor and pleasure to welcome you to the second Meir Medical Center International Foot and Ankle conference.

The 1st Foot and Ankle Congress in Israel was a big success.

We are now working on the next Congress in 2022 - September 22nd to 23rd

We are honored to be patronized by EFAS - European Foot and Ankle Society.

We hope you'll join us !

The meeting will cover the most innovative subjects in foot and ankle surgery. For that purpose, we have invited distinguished friends from abroad who will share their experience with us.

The program is loaded with interesting topics, some of which are controversial.

I hope you all find the time to meet old friends and to make new connections. We expect to see you in Meir Kfar-Saba for a productive and interesting two days that, we hope, will be the first of many academic events.

Ezequiel Palmanovich, MD

President of ISFAS (Israeli Foot & Ankle Society) & Director of the Foot and Ankle Service. Orthopedic Department
