# **ON THE MOVE**

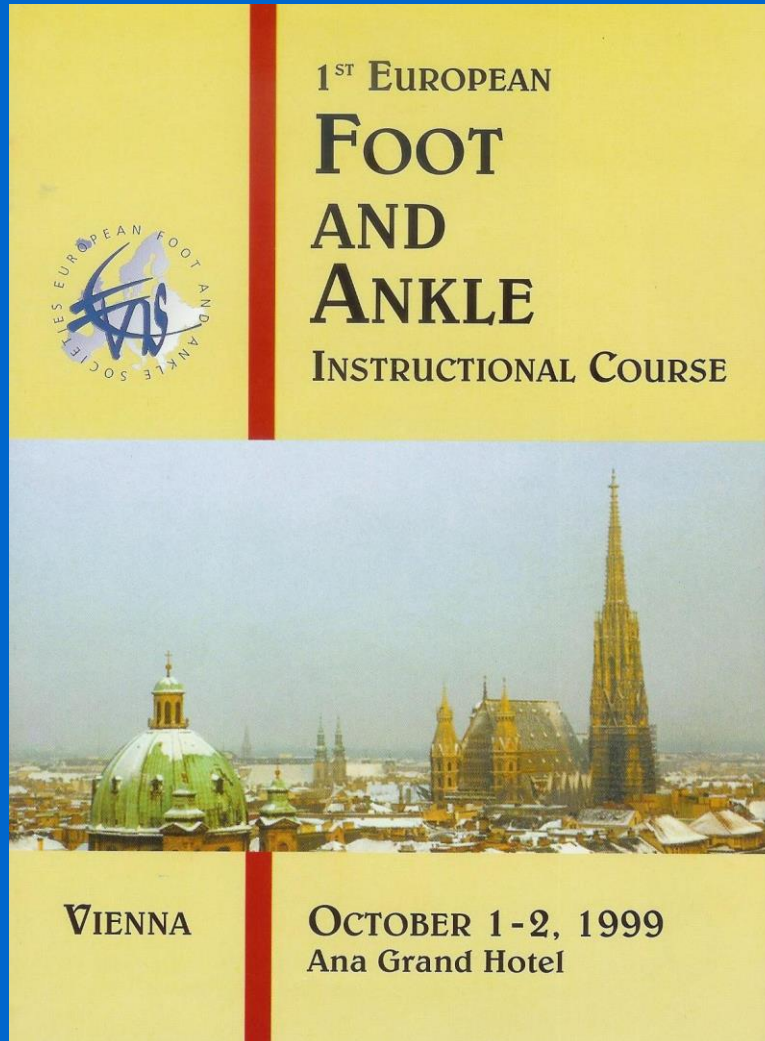

## **OUR JOURNAL "Foot and Ankle Surgery"**

**2**003 WILL REVEAL EXCITING CHANGES SECURING OUR JOURNAL'S FUTURE AND ITS FUTURE development not only as THE European Foot and Ankle Journal but on an international scale. Blackwell Science Publishers have been very supportive and have helped in its development to a financially secure publication. However, our financial arrangement with them was not sustainable when our contract with them expired at the end of 2002.

not possible with Blackwells. Elsevier is a very large international company who therefore have much greater experience and world exposure with all the ancillary specialised departments for promotion, development and expansion of a journal. To start with, it is expected that for the first time "Foot and Ankle Surgery" will be launched on their stand at the American Academy of Orthopaedic Surgeons in New Orleans in February 2003.

# First Instructional course

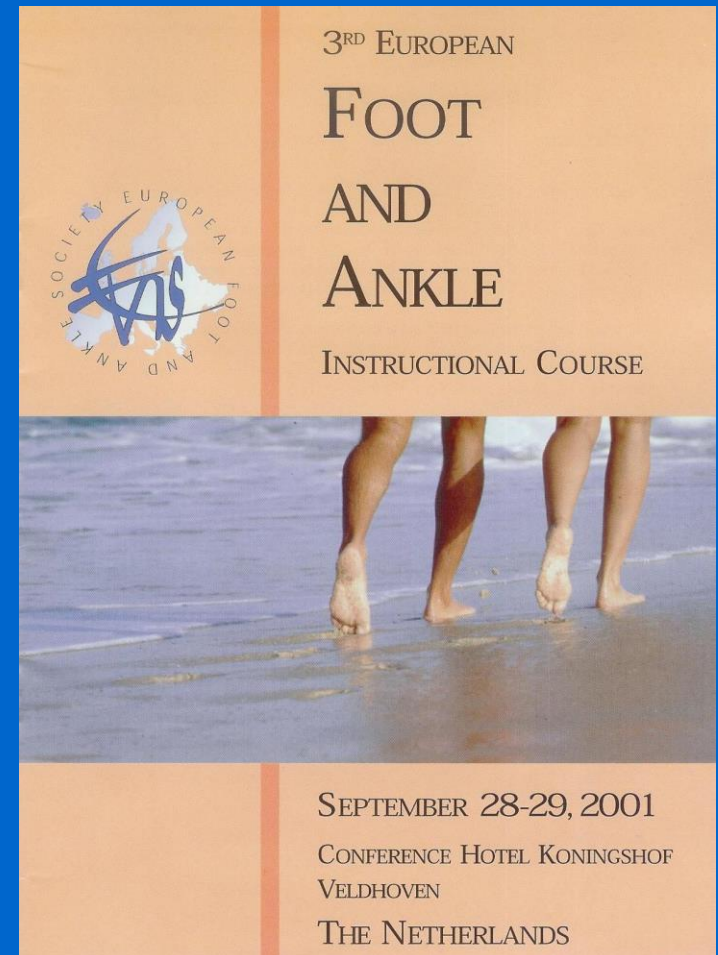

Dr Hans Trnka

Dr Dereymaeker

# Instructional courses EFAS

- Wien Austria (1999)
- Bologna Italy (2000)
- Veldhoven the Netherlands (2001)
- Geneva Switzerland (2002)
- Bristol UK (2003)
- Heidelberg Germany (2004)
- Copenhagen Denmark (2005)
- Barcelona Spain (2006)

# EFAS Congress : Stockholm

## June 15-17, 2000

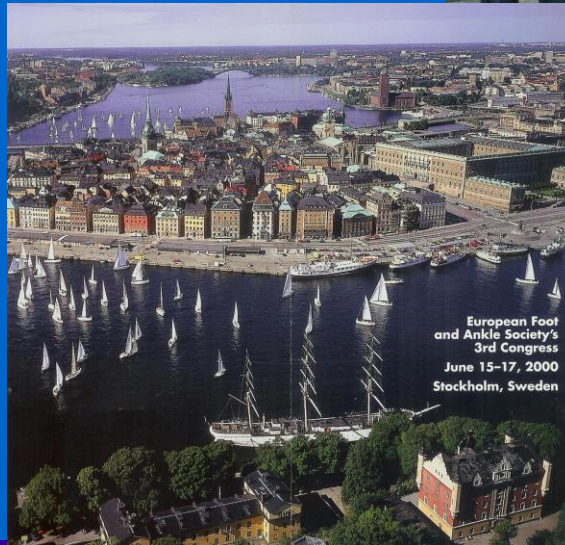

Chairman: Dr. P H Agren

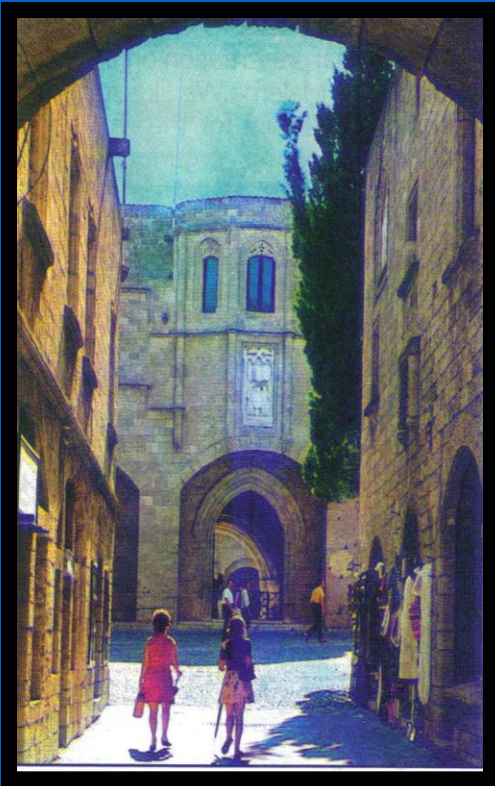

# EFAS Congress 2 yearly

- 2000 Stockholm
- 2002 Sevilla
- 2004 Montpellier
- 2006 Prague
